SPT MAINTENANCE INSTRUCTIONS

Floor area:

- **Using 4-5 oz of the SPT cleaner/maintainer per 5 gallons of hot water should cover 500 sq ft.**
- **Clean with a mop, deck brush, or floor scrubber**
- **Should be cleaned daily depending on traffic! *If there is a lot of traffic the area should be cleaned multiple times per day***
- **The SPT cleaner/maintainer needs to be used periodically to ensure the non-slip effectiveness, once you run out of the cleaner/maintainer please call to order more.**

DO NOT USE ANY ABRASIVE CLEANERS ON THE TREATED FLOOR OR YOU WILL REDUCE THE LIFE OF YOUR NON-SLIP APPLICATION.

By following the instructions you will ensure longer period of time before having to reapply product

Any questions or to order more cleaner call 763-972-9222 or email us at help@SlipFix.com

Wet Doesn't Mean Slippery
